

# WHY BECOME A MEMBER?

**ANZICS MEMBERSHIP OFFERS A RANGE OF VALUES. SEE BELOW HOW THE SOCIETY HAS IMPACTED AND ASSISTED OUR MEMBERS:**

*As a Trainee member, I have been lucky enough to be part of a number of rewarding initiatives which I hope have contributed to the wider critical care community. From the Critical Care Collaborative (interprofessional continuing education symposium), to our inaugural Victorian Primary Exam Course for CICM, and establishing the Women in Intensive Care Medicine Network: none of these would have been possible without ANZICS' support. I highly recommend ANZICS membership for Trainees!*

**Dr Sarah Yong**

*ANZICS Membership has allowed to me attend conferences at a discounted rate. The ASM provides a great opportunity to network and the scientific program is always innovative, cohesive and multidisciplinary. In 2015, I was lucky enough to win the Matt Spence Medal to further my research, a prize that is available to Trainee Members only. Being a member also enables access to the ANZICS CORE Database which is an invaluable tool for data when needed for research purposes or formal reports.*

**Dr Palash Kar**

*Queensland ANZICS played an active role in recent MOCA 4 (Medical Officers Certified Agreement) agreement through ASMOFQ and the MOCA negotiating team. This has prevented forcible implementation of an "Extended Hours Clause" on individual SMO's in Queensland Health and a major win for our members and the profession.*

**Dr Rajeev Hegde**  
**ANZICS Queensland Regional Chair**
